

# Cut Tape

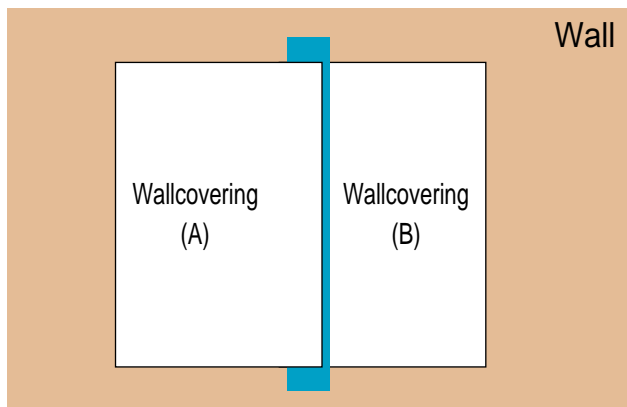

① Put Cut-tape on one side of wallcovering

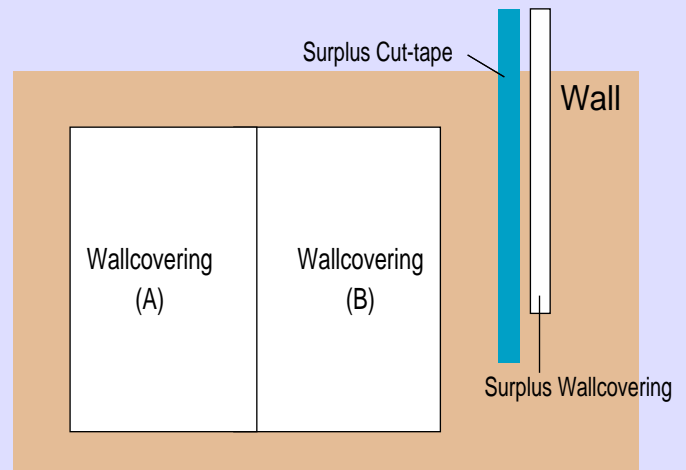

④ Remove the surplus part (Wallcovering & Cut-tape).

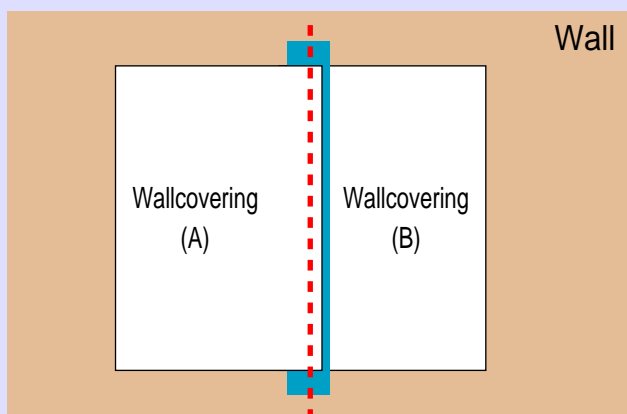

② Lay two wallcoverings of paper one on top of another.  
(Refer to the following figure.)

⑤ Remove the surplus Cut-tape and Wallcovering.

③ Cut the center of Cut-tape.

## ADVANTAGE

- 1) Not apply adhesive on the surface of Wallcovering (B).  
Thereby, the surface is very beautiful.
- 2) The side edge of Wallcovering (A) does not dry up.  
Thereby, the Joining is very beautiful.
