

Manual wallpaper pasting machine

- Manual wallpaper pasting machine for 140cm (55 inches) width wallcovering
- With a measuring counter
- Power supply-free model

B5-HD

Good machine for Good job!

Structure

With a Pasting roller anodized aluminum. Pasting roller and Adjusting roller guarantee reliable paste application.

The Measuring Counter, with one wheel. The Counter accurately measures the amount of wallcovering pulled in inches.

With a Feeding roller which is rolled with rubber materials. The grip motion is suitable for feeding the wallcoverings.

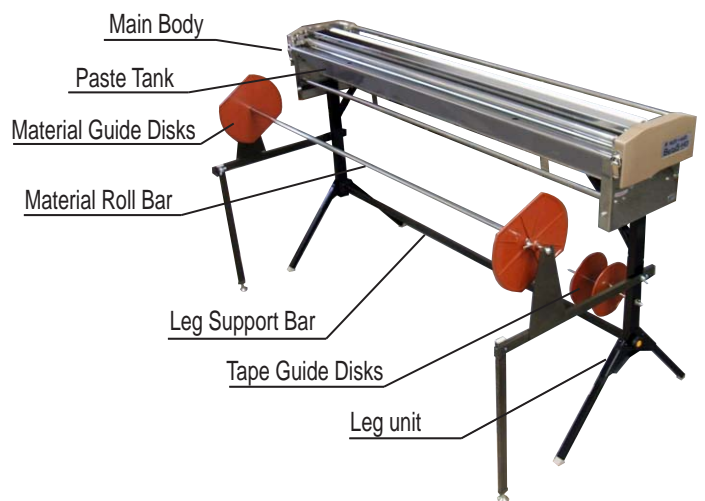

High capacity paste tray, making it easy to apply adhesives in paste tray. The paste tray has a hole for drain surplus adhesive.

Adjusting-levers for amount of adhesive in the side of machine. By Adjusting-levers, change the opening size between Adjusting roller and Pasting roller.
